Note:

1. Necessary adjustments in terms of the Tariff Order dated 28 July 2022 issued by the Hon'ble Commission in Case No. TP-92/20-21, has been reflected in the MFCA worksheet. MFCA, calculated on a standalone monthly basis in terms of applicable regulations, results in monthly fluctuations. MFCA of 75 Paise/kWh has been charged, considering minimum notified GCV for respective grades reduced by 120kCal/kg, following the methodology adopted by the Hon'ble Commission in Tariff order dated 28 July 2022. The same is charged without prejudice to our further claim before appropriate authorities. While all components of charges to the extent available within the permissible timeline as prescribed in the regulations have been considered, claims and reconciliation at this stage are provisional and continuing. Fuel costs in terms of applicable regulations shall be prayed through appropriate petition(s).
