**EXPRESSION OF INTEREST FOR ENGAGEMENT OF
PROFESSIONAL AGENCY FOR SUPPORT SERVICES FOR
HANDLING AND DISPOSAL OF ASH AT HALDIA ENERGY LIMITED**

Haldia Energy Limited invites Expression of Interest from qualified and experienced agencies for providing professional support services for handling, coordination, monitoring and associated support service related to ash evacuation and disposal at its coal-fired thermal power plant in Haldia, West Bengal.

The assignment covers Haldia Energy Limited (600 MW), where ash generated as a by-product of power generation requires continuous evacuation and disposal in compliance with environmental, safety, and operational requirements.

This generating station generates approximately 12 lakh tonnes of ash annually which needs to be continuously and efficiently evacuated to sustain uninterrupted plant operations. The ash handling and disposal process involves close coordination with internal and external stakeholders, while ensuring compliance with applicable environmental and safety requirements and minimization of overall operating cost.

The objective of this EOI is to identify and shortlist competent agencies having relevant domain capability, process management expertise, vendor coordination experience, and documentation/ commercial support capability for managing and supporting end-to-end ash evacuation related activities for the above station.

Information to be Submitted by Interested Agencies

Interested agencies should submit their EOI with the following details:
